About Css3transition

Origin & Background

Founded in 2016, EuroPT is a dynamic growing Post tension services provider utilizing the Leading European post tensioning systems Mekano4(MK4).

EuroPT is the sole representative of MK4 in Egypt for pre-stressed

slabs, tanks and other special engineering structures, whereas MK4 has pledged to fully backup EUROPT with its technical and commercial expertise.

EuroPT is unique in its structure as it draws on the advantages of the extensive know-how of MK4 along with the significant experience of its shareholders & management team in the Egyptian market.

Our Future Goal

We want to lead in innovation & Technology

We works on UI/UX and functionality as well so that a plugins comes with proper stucture & stunning looks which suits to your web app & website.

We take a small toolkit here and ride it well so that it is fit for your use. One who performs well and looks even better.

Here we are trying to give you all kinds of technical content, whether it is related to designing or functionality. We are creating content on a lot of languages and will continue to make it free of cost even if you use it without any problem. Which is a very important thing.

Here you can also share the content you create, if our technical team likes it, then we will also share it on our blog.

In the end, I would say keep visiting our website and enjoy the quality content.
